

## HOTELS AND BREWERIES

*High Street Echuca this building is still standing 2013*

At the height of development Echuca had approx 60 hotels though it is said there were around 90, Investigation shows many of the 60 known locations had several names hence 90.

As well as pubs/hotelsthere were several breweries supplying the many hotels.

With so much liquer available there was a strong movement by Temperance Societies there for a Temperance Hotel (as above) no liquer available.
